Not a dumb question; Michigan is unique. Under Michigan's assumed program, and EPA's oversight of it, EPA has 90 days to provide comments, approve, or object to a Michigan permit. I also have to give FWS and the Corps a chance to provide their input to us on the proposed project.

Ok, thanks but I have a dumb question regarding the November 9 deadline date you identify for your letter: Doesn't the notice say comments are due 20 days from the date of the Notice (date of notice is 08/10/2015)?

Hi Virginia,

I will be reviewing the Public Notice, and will likely provide some comments. My deadline is November 9, and I will definitely share my comment letter with you.

Please also let me know when the DEIS is released.

Thanks,

Melanie

Hi Meanie,

Thank you for the FYI. Are you (R5 Wetlands and Watersheds) reviewing this Public Notice and planning to send a comment letter?

1. If yes, please give me a copy of Wetlands and Watershed's letter.
2. If not, please let me know that as well.

FYI, FERC has not yet released their DRAFT EIS (DEIS) for public review and comment. If you have any questions or wish to discuss this Rover Pipeline Project and FERC's EIS please contact me. I will be on A/L starting tomorrow and returning on Thurs, 8/27/2015.
